

Submitted to the Canadian Transportation Agency (Form submission)

Subject: Consultation on proposed changes to strengthen the Air Passenger Protection Regulations

Name: Karen Bays

Date: 2023-07-18

Thank you for the opportunity to provide feedback in the proposed Air Passenger Protection Regulations. We all want air travel safe and efficient for all passengers. But, considering the number of complaints you have in line, we have a long way to go. **<Removed >** I suggest you consider Early Departures with little notification to make the flight an option on all your forms and for evaluating claims. **<Removed >**
