

Submitted to the Canadian Transportation Agency (Form submission)

Subject: Consultation on proposed changes to strengthen the Air Passenger Protection Regulations

Name: Brad Eastwood

Date: 2023-07-11

I strongly believe the general public has no idea what the airlines go through in cost. If anyone should be charged for complaints, it would be not Canada, ATC delays aircraft more than airlines ever do.

No one talks about the costs brought to the airlines, NAV Canada, fuel charges, CATSA.....

Open yours eyes!!
