

Submitted to the Canadian Transportation Agency (Form submission)

Subject: Consultation on proposed changes to strengthen the Air Passenger Protection Regulations

Name: Lexie O'Neill

Date: 2023-08-09

Do not allow airlines to oversell flights by such a large margin and add additional fees to prevent you from missing your flight. Do not allow 5 hour delays without guaranteed compensation. Do not allow excuses for why flights are delayed. Things within airline control are not things the consumer should suffer for. It is not accepted in any other industry or field.
