

Submitted to the Canadian Transportation Agency (Form submission)

Subject: Consultation on proposed changes to strengthen the Air Passenger Protection Regulations

Name: Ganesh Somisetty

Date: 2023-07-11

Abrupt increase in fares is putting too much pressure on families who immigrated to Canada. Instead of planning a visit once a year, families are made to visit once in two years.

Prices should be normalized, based on frequency and access. Increase direct flights to major airports and outbound connections towards Asian countries.

Prices are higher compared to US pricing for air tickets.
