Subject: Consultation on new refund requirements

I would like a full refund of my trip that was canceled due to Covid19. borders are closed and planes are not flying, i can not even go if i tried. The money that is being held by the government could be put to better use in my hands at this time to pay bills and keep my house afloat. there is no reason for my money to be held by a company that is making interest on billions of travelers money. when the government is handing out money left right and center to anyone on CERB, do the right thing and give the money back to the people that it belongs to.
