

Submitted to the Canadian Transportation Agency (Form submission)

Name: Mingxiang Cui

Subject: Consultation on new refund requirements

Date: 03-01-2021

The new regulation should close the gap between the time period of March 2020 when the old regulation was effective and summer 2021 because during this time period, air passengers have not been protected after airlines canceled their trips and refused their refunds. Delta Airlines issues refunds after they cancel passengers' trips due to pandemic. To put it simply, whoever cancels the flight should take the responsibility for the refunds.
